RE: Arrington Vineyard's STEP System Design (Rural Retreat)
Wastewater Collection, Treatment, and Subsurface Drip Dispersal
Williamson County, TN
SOP-11022
WPC 12-0012

Dear Mr. Matteson:

On November 30, 2012, Jamie Reed (SEC Inc), Vojin Janjic (TDEC-DWR), and I made a site visit to observe conformance to SEC Inc's construction plans for Arrington Vineyard's STEP System. Based on our observations and to the best of my knowledge, I.R.M.'s work for the project at the above referenced location has been completed in accordance with Tennessee Department of Environment and Construction (TDEC) approved construction plans and specifications.

If you have any questions, please contact me Robert.Odette@TN.GOV. or (615) 253-5319.

Sincerely yours,

A handwritten signature in black ink, which appears to read "Robert G. O'Dette", is positioned above the printed name.

Robert G. O'Dette, M.S., P.E.
Assistant Manager, Municipal Facilities
